SOCIO-TECHNICAL THEORY

NRTH 108

ACCREDITATION

This completely online, self-paced course is approved by the State of California Board of Registered Nursing for full CE credit; CE Provider No. CEP 14891. Most State & Country licensing Boards accept CE credit approved by other State Boards. It can also be used for ANCC and other accreditation CE Requirements.

CERTIFICATE

Upon completion, learners will receive a Board Approved Certificate of Completion for 3 CE credits in PDF format
TUITION:
$ 20 USD

COURSE FOCUS

This 1 module (3 CE credit) course introduces nurses to the Socio-Technical Theory which consists of three main dimensions or subsystems: social (people, culture, goals), technical (technology, infrastructure, processes), and the environmental dimension that enfolds the first two. Ideally, thought and resources are applied to ensure all three subsystems interact together smoothly and harmoniously.

COURSE DELIVERY

This online course consists of a lesson, assigned readings and supportive media, and is evaluated by completing a 10 item final examination

People Technology
Culture Infrastructure
Goals Processes

OBJECTIVES

Learners will be able to:

- Identify the characteristics of the three dimensions of the Socio-Technical Theory.

- Recognize the suitability and application of the Socio-Technical Theory in the field of nursing informatics specialization.

- Describe the process that ensures change adaptation through use of the Socio-Technical Theory.

- Transpose the Socio-Technical Theory to their own development within the field of nursing informatics.
